

## **WELCOME!**

Lassen Community College's Gunsmithing Program has been providing prepared, quality gunsmiths to the industry since the program's foundation in 1945 and is the oldest gunsmithing school in the United States. As an NRA affiliated Gunsmithing school, we also offer one and two week NRA Short Term Summer Gunsmithing Courses. Courses are offered in Basic Machine Shop, Barreling, specific firearms platforms, Law Enforcement Armorers Schools, engraving, knife making, and metal finishes.

Lassen Community College is located in Susanville, a small mountain town in northeastern California. Outdoor activities are abundant, with Sierra Nevada Mountains to the south, Cascade Range to the north, Lassen and Plumas National Forests to the west and high desert country to the east. There are numerous streams and lakes available for fishing and boating, including the renowned Eagle Lake, only 20 miles away.

Finally, it is often quite warm this time of year, so you may want to bring a fan with you. You may want to bring a clamp on a crookneck shop lamp for better illumination on close-up work. We are looking forward to an enjoyable and productive experience in the classroom and the shop.

## **LIVE AMMUNITION IS NOT PERMITTED IN THE CLASSROOM OR LAB**

**If you need to bring live ammunition for your firearms for the purpose of test firing, the ammunition shall be left in your vehicle until arrangements are made with your instructor for storage.**

## **REGISTRATION**

To register for a class, registrants must submit a Lassen Community College Application for Admission, a registration card and all applicable fees. Registration is available online at [www.lassencollege.edu](http://www.lassencollege.edu) under Admissions.
