LASSEN COLLEGE FOUNDATION

SOPHIA WAGES
PRESIDENT

PRESIDENT’S MESSAGE

Congratulations on reaching this important milestone in your lives. As you graduate from college, you join a distinguished group of individuals who have demonstrated their commitment to learning, personal growth, and achieving their goals. As you move forward, I encourage you to use the knowledge and skills you have acquired during your college years to make a positive impact in your communities and the world. You are the leaders of tomorrow, and it is up to you to create a brighter future for all of us. Remember that success is not just about achieving your personal goals; it is also about making a positive difference in the lives of others. Use your education to give back to your community, help those in need, and be a force for positive change.

As you embark on the next chapter of your life, I wish you all the best in your future endeavors. Congratulations again on this incredible achievement.

Sincerely,

*Carie Camacho
Interim Superintendent/President
Lassen Community College*

HISTORY OF LASSEN COMMUNITY COLLEGE

The forerunner of Lassen Community College began on May 4th, 1925, when the Junior College Department of the Lassen Union High School District was established and began conducting classes on the Lassen High School campus.

A separate facility was created in 1941 and in 1947, because of increasing enrollment, a new building was constructed adjacent to the high school.

The modern era of Lassen Community College began in March 1965 with the establishment of the Lassen Community College District and the separation from the high school district.

A separate Board of Trustees was elected and planning began for a new campus. That campus, located just north of Susanville on Highway 139, today consists of 165 acres and 39 buildings. It began operations in September 1971.

In addition to classrooms, laboratories, and offices, it has a dormitory with a capacity of 108, a library, student union, computer rooms, a large gymnasium and outdoor recreation facilities.

VISION

Lassen College will be a highly efficient self-sustaining rural community college, a catalyst for the region’s image, economy, and human capital, and an example of a “we can” culture of collective impact by being:

- The academic leader by ensuring quality instruction and encouraging student success
- The educational leader by expanding outreach and student access with an equity mindset
- The trusted steward by providing capable leadership and accountability
- The economic and workforce development leader for the community
- The cultural leader in the community
- The civic and social leader in the community

MISSION

Lassen Community College provides educational programs for all pursuing higher education goals. The core programs offer a wide range of educational opportunities including transfer degrees and certificates, economic and workforce development, and basic skills instruction. The College serves diverse students, both on campus and in outreach areas in its effort to build intellectual growth, human perspective and economic potential.
