Approved: 05/10/2011

Statement on the Status of Adoption of SB-1440 Mandated Transfer Degrees

Approved: 05/10/2011

Lassen Community College (LCC) has worked diligently to comply with SB-1440, which requires all California Community Colleges to offer two SB-1440 degrees by fall 2011. Unfortunately, LCC will not be in compliance with SB-1440 by fall 2011. Due to a lack of course offerings LCC cannot currently offer any of the approved SB-1440 degrees based on approved Transfer Model Curriculums (TMC): sociology, psychology, communications and math.

LCC is confident that it will be able to offer TMCs in subjects that are in the process of being approved. These subjects include administration of justice / criminology, biology, business, early childhood education, history and studio arts. Additionally, the liberal arts department is currently developing a new sociology course in order to satisfy the sociology TMC requirements

Other Curriculum Actions

Adopt the utilization of examination scores for Advanced Placement (AP), International Baccalaureate (IB) and College Level Examination Program (CLEP) to meet the general education requirements of non-transfer associate degrees and to incorporate the language below into the catalog under the Academic Policy section.

Approved: 05/10/2011

Non-Traditional Ways to Earn Credit

Credit by Exam (already in catalog)

Advanced Placement Examination Credit for General Education Credit

Lassen Community College may award general education credit toward non-transfer associate degrees to students scoring a 3, 4, or 5 on Advanced Placement examinations. Students should have test scores sent to the counseling office. Each transfer institution will determine the number of units awarded and the courses satisfied according to individual campus policies. For specific course information, students are encouraged to meet with a counselor.

International Baccalaureate (IB) Credit for General Education Credit

Lassen Community College may award general education credit toward non-transfer associate degrees to students scoring a 5, 6, or 7 on International Baccalaureate tests. Students should have test scores sent to the counseling office. Each transfer institution will determine the number of units awarded and the courses satisfied according to individual campus policies. For specific course information, students are encouraged to meet with a counselor.

College Level Examination Program (CLEP) for General Education Credit

Lassen Community College awards general education credit toward non-transfer associate degrees for successful performance on CLEP General Examinations. Upon submission of CLEP Examination Reports to the counseling office, units of credit may be awarded, provided a specific score for awarding credit is obtained. Credit awarded may be substituted for coursework applicable to degree and certificate requirements, and also may be used for transfer to four year colleges and universities, subject limitations imposed by those institutions. For specific course information, students are encouraged to meet with a counselor.
