

DESCRIPTION

This course provides the knowledge and skills that prepare a firefighter to extinguish an ignitable liquid fire and control a flammable gas fire. Subjects include fire behavior, safety, control methods, extinguishing agents, foam operations and more. Full Structural PPE is required including SCBA's (can be provided by the college if needed). A supplemental \$81.00 fee will be charged for FSTEP certification and is due to Lassen Community College and will be collected at the time of registration.

SFT Firefighter 1 training in safety, structural fire suppression, and communications or 2 years' experience as a volunteer firefighter.

AND

FS-72 HazMat First Responder Operations or equivalent through SFT or CSTI – First Responder Hazmat Operational (FRO) or FS-72C Haz Mat Awareness or equivalent
