Background: About the ACCJC Annual Report

In accordance with federal regulations and the Commission [Policy on Monitoring Institutional Performance](#), ACCJC applies a set of annual monitoring and evaluation approaches to assess member institutions' strengths, stability, and ongoing alignment with the Standards during the course of the accreditation review cycle. The Annual Report (AR) is one of the tools used for this process. Using institutions' self-reported data, the ACCJC Annual Report collects headcount information to monitor institutional growth (including growth in distance and correspondence education) and institution-set standards for key indicators of student achievement, licensure exam pass rates, and job placement rates.

To assist you as your institution prepares its responses, you can find additional information, data definitions, and a printable version of the 2025 survey questions at <https://accjc.org/wp-content/uploads/Annual-Report-Instructions-and-Questions-1.pdf>.

Technical Notes for the 2025 Annual Report Survey

The 2025 Annual Report collects data for the three-year period that includes 2021-2022, 2022-2023, and 2023-2024.

Additional information and data definitions are provided in the instruction text where relevant.

All questions with an * are required.

If a question is not applicable, please enter n/a.

If you are copying and pasting figures from a Word or PDF document, please ensure your numbers don't have extra (trailing) spaces in the end.

Answers are saved automatically, and can be accessed and revised as many times as needed prior to submission.

Use the "Section Navigator" buttons on the next page to jump between sections.

Submitting the 2025 Annual Report Survey

To submit a final copy, follow the instructions in the Final Step page of the online survey. When the survey has been submitted, the College ALO and the individual completing the survey (if different) will receive email confirmation of submission and a copy of the survey responses. ACCJC will forward a final PDF copy of the Annual Report to the ALO and CEO for final review (and adjustment, if needed). If no corrections or adjustments are needed, the PDF copy will stand as the final, certified copy of the Annual Report.

This is the Section Navigator which will allow you to jump to any sections of the survey. You can complete the sections in any order and if you need to return to the main page, please use the back button.

To begin or return to a section, please click the **Answer** button.

The **Next** button at the bottom of this page will bring you to the final page of the survey. You will not be able to proceed until all sections of the survey have been completed.

If you can't complete a section in one sitting, click **Back** to navigate back to the section navigator to complete a different section.

5. Total unduplicated headcount enrollment for last three years:

For the purposes of this report, unduplicated headcount is defined as the total number of students (credit and non-credit) enrolled at the end of the general enrollment period (also referred to as first census date). The academic year should include leading summer, fall, winter, and spring terms. If your institution calculates the academic year differently for the purposes of monitoring annual enrollment, you may respond using your local calculation and describe your method in Question 20.

6b. Please list any individual degree-applicable credit program which has experienced an increase or decrease of 50% or more in the last year. (Enter N/A if this does not apply to your institution.)

Per federal regulations, ACCJC is responsible for monitoring for significant program growth (or decline) that may potentially impact an institution's ability to meet Accreditation Standards. ACCJC does not determine what constitutes a program for colleges. For the purposes of this report, you may define degree-applicable credit programs as appropriate for the context of your institution's unique mission.

7. Do you offer Distance Education?

Distance education is defined as education that uses technology to deliver instruction to students who are separated from the instructor(s) and to support regular and substantive interaction between the students and the instructor, either synchronously or asynchronously. For the purposes of this report, include only those courses that are 100% online in your calculation of unduplicated headcount enrollment for distance education. Do not include hybrid courses or courses in which all the class hours are face to face, but some material is posted online.

8. Do you offer Correspondence Education?

Correspondence education is defined as education in which (1) the institution provides instructional materials (and examinations on these materials), by mail or electronic transmission (including transmission via learning management system) to students who are separated from the instructor; and where (2) interaction between the instructor(s) and the student is limited, is not regular and substantive, and is primarily initiated by the student. Online courses or online portions of courses which primarily involve "paperwork" (e.g., reading textbook and other materials posted by the instructor, taking examinations, and submitting assignments) will fall within the definition of correspondence education rather than distance education. If the online portion of a class meets the definition of correspondence education, then even if the class also meets on site, it will be considered a correspondence education course for Title IV qualification purposes. Correspondence education is not considered distance education within the U.S. Department of Education definition (see question 7, above).

9a. Does your institution participate in Title IV funding?

Yes

9b: List the current Graduation Rate per the US Education Department College Scorecard.

The US Education Department College Scorecard can be accessed at <https://collegescorecard.ed.gov/>. Enter your institution's name in the search box to find the current graduation rate. For the purposes of the College Scorecard, graduation rate is defined as "the share of students who graduated within 8 years of entering this school for the first time."

9c: List the current Transfer Rate per the US Education Department College Scorecard.

The US Education Department College Scorecard can be accessed at <https://collegescorecard.ed.gov/>. After entering your institution's name in the search box to find the current graduation rate, click on View School and scroll to the Graduation & Retention drop-down. After you expand the section, you will see the % of students that transferred out. For the purposes of the College Scorecard, graduation rate is defined as "the share of students who transferred to another institution within 8 years of entering this school for the first time."

11a. Please provide a link to the exact page on your institution’s website that displays its most recent publication of disaggregated student achievement data:

ACCJC will include a link to this page in your institution’s entry in the [ACCJC Directory of Accredited Institutions](#). This reporting and monitoring requirement supports ACCJC’s recognition by the Council of Higher Education Accreditation (CHEA) and is aligned with ACCJC’s Accreditation Standards 1.1, 1.3, 1.5, and 2.9.

Reflecting on your score above, describe how your college is supporting continual improvement and innovation in alignment with the ACCJC Standards and guidelines for data transparency on your institution’s public website? (100 words)

Our college is providing a lot of data transparency on our institution's website. We could support this effort further by making this information easier to find and use more accessible language and story telling that would speak to all stake holders.

12. Course Completion Rates

For the purposes of this report, the successful course completion rate is calculated as the number of student completions with a grade of C or better divided by the number of students enrolled in the course. If your institution calculates successful course completion differently, you may respond using your local calculation and describe your methodology in Question 18.

18. Does your college offer programs that require students pass a licensure or similar exam in order to work in the field?

Yes

Report only those programs for which a license or other similar examination is required before students can qualify for employment in their chosen field of study, and where there were at least 10 students who completed the program in the designated year.

Our institution has programs that meet these conditions.

19. Does your college offer Career and Technical Education Programs?

Yes

For the purposes of the Annual Report, Job Placement Rate is defined as the percentage of students who are employed in the year following completion of a CTE (career-technical education) certificate or degree program. (This means that the denominator for the 2022-2023 job placement rate will be the number of students who completed the program in 2021-2022.) Report only those programs with a minimum of 10 students in the completion year. For example, if a program had 9 students complete in 2021-2022, you do not need to report a job placement rate for 2022-2023. Report only those programs for which reliable data are available. If your institution has defined its job placement rate differently than what is described above, you may complete this question using your local definition provided that you describe this definition in Question 20.

Our institution has programs that meet these conditions.

20. Please use this text box to provide any comments or context regarding the data submitted in this report (optional, no word limit).

For CTE data, many of our programs do not have enough students to allow us to publish any rates (we had three programs that had data for all three years).

In this Annual Report, ACCJC seeks to gain additional insights from our member institutions. Regarding student achievement data, these questions seek to learn more about how colleges are advancing student achievement, challenges faced, and support needed.

21. Reflecting on your Institution's student achievement(s), what efforts/initiatives/competencies have you found to be fundamental in supporting the recent successes you've observed/reported? Please describe any innovations and improvements along with a brief narrative of how it was achieved. (max 200 words)

Over the past few years, Lassen Community College has seen steady increases in retention, course success rates, and the number of degrees and certificates awarded. Several targeted efforts have supported these improvements.

We introduced the Student Success Preparation Certificate to strengthen early student engagement. Our educational planning for incarcerated students had goals for 100% of our incarcerated students to have ed plans, improving their completion outcomes. We also added late-start and HyFlex courses to increase access and flexibility, especially for working students.

Enrollment management has become more responsive, and basic needs support has helped reduce drop-out rates by filling critical gaps for students. We've expanded drop-in math and English labs across campus to reduce travel barriers and improve academic support.

Counselors now invite students to complete graduation petitions, while Student Services sends letters encouraging near-completers to finish their programs. For the past three years, faculty DEI training and self-evaluation of competencies have helped us better meet students where they are at.

These combined innovations reflect our commitment to equity, access, and student success.

22. What professional development can the Commission coordinate to support your Institution in achieving its student success goals within the next three-year cycle? (max 200 words)

More training on enrollment management would be helpful. A training on what are the top reasons that cause a school to get a follow up visit.

Final Step

Thank you for completing the survey. Please take a moment to review your submission. If you need to make any changes, you can click the back button or the navigation buttons below. When you are ready, please click the submit button at the very bottom on the survey.

By submitting this report on behalf of my institution, I confirm that the data and information contained herein is accurate and correct to the best of my knowledge. The institution acknowledges that knowingly submitting false or inaccurate data may result in notification to the U.S. Department of Education and/or accreditation action.

Check to confirm and acknowledge

Thank you for your submission!

ACCJC emails copies of the final submission to the ALO and CEO of each institution. Please contact support@accjc.org if your institution does not receive a final copy.
