

DESCRIPTION

This course is designed to meet training needs of a Firefighter Type 1 (FFT1) or Incident Commander Type 5 (ICT 5). Course content will provide the knowledge and skills needed to design, set-up, operate, troubleshoot, and shut down portable water delivery systems. The focus is on portable pumps- it does not address water delivery for engines. Topics covered include: portable water delivery systems; equipment; roles and responsibilities; and system design and hydraulics.
